

# Ahrend Silence

Silence CALL

Our work environment is rapidly changing. With open-plan offices, co-working spaces and multimedia, we are more connected than ever. At the same time we are more distracted, stressed and burned-out than ever. We're surrounded by noise. All the time.

Stress has become an folks disease. Where silence disappears, the risk of burn-out, depression, heart diseases and Alzheimer's disease. Well-being, learning, remembering and creating gets harder. Surrounded by silence, we work more effective and we feel more vital. With less stress, less mistakes and less absenteeism.

The Silence CALL brings silence back to our workspace. For more creativity, more focus. For peace of mind. It's time to make a CALL for Silence.

*“This is not an ordinary box  
It's a call for silence”*

*“Silence is perhaps one of the most underappreciated creativity tools”*

- Thomas Oppong, AllTopStartups

## Surround yourself with silence. Discover the Silence CALL

Discover the next generation space-in-space solutions. The Silence CALL answers the increasing need for flexibility, activity based working and makes room for silence.

- The Silence CALL offers enough flexibility to adapt the setting of your work environment, without making big changes.
- With a sound reduction of 47 dB, the Silence CALL is one of the best isolating products in the market.
- The high acoustic quality of the space offers enough privacy.
- A perfect match with the Ahrend design language.

A close-up photograph of a woman with voluminous, curly dark hair. She is smiling and looking slightly to her left while holding a black smartphone to her ear. The lighting is soft and natural, highlighting the texture of her hair and her pleasant expression. The background is blurred, suggesting an indoor setting with windows.

*“Silence is not the absence of sound,  
but the presence of space”*

# Silence, down to the last detail

Silence comes with plenty of comfort. That means enough workspace, a place to sit down and good ventilation. The Silence CALL has a table in black, white or oak finish and optionally a height adjustable stool. Connect your device and get to work; the Silence CALL is 100% Plug & Play.

## The best acoustic performance on the market

Choose A-quality silence. The composition of the Silence CALL subdues sound down to 47 decibel. A functional solution for uninterrupted and concentrated working in a modern and open space office.

## Silence in over 80 colours

Style the Silence CALL to your own preference as an add-on to your corporate identity. Choose from more than 80 beautiful colours in the fabrics Divina, Divina MD and Divina Melange, all made from sustainable materials.

*“All the time, sound around us  
is affecting us, even though we  
are not conscious about it”*

- Julian Treasure, The Sound Agency

# Specifications

## THE BASICS

- Sensor automatically switches light and ventilation on and off.
- Ergonomically designed table for the use of mobile devices.
- 100% Plug & Play.
- Standard electrification: 1 socket and 2 USB chargers.

## Designer Basten Leijh

Basten Leijh is known for creating a timeless, characterful environment in which his designs seamlessly merge fun and functional ease. With his many years of experience as a product and concept developer, business partner and creative director within leading companies, and a number of brands he can call his own, Basten Leijh is considered an expert in the field of product design.

The design with which he graduated from the Design Academy in Eindhoven (The Netherlands) at the beginning of his career was immediately purchased by an international bicycle manufacturer.

Basten Leijh has been focusing on modular designs since 2010, thereby building unity in form. This unity in form runs like a thread through his designs for

Ahrend and creates a connection between these different collections.

His talent for merging two separate worlds has led to the creation of a new design language. He has developed a bird's eye view that allows him to successfully combine brands from different industries, which is reflected in the lighting he has specially designed for Ahrend in collaboration with Modular Lighting Instruments.

Basten Leijh has received various awards for his work, and his designs have been displayed at a number of international exhibitions.

Silence CHAT

Silence MEET

## Coming soon.....

The Silence family is complete with the Silence CALL, CHAT and MEET. Whether you want to work in silence or don't want to bother your colleagues while making a phone call, scrumming or brainstorming; the Silence range offers enough possibilities to support

your favorite way of working. For a vital and diverse work environment that fits the concept of Activity Based Working. The Silence CHAT and MEET will be launched in 2019.

## A CALL FOR SILENCE

# Find your Silence

### TRY IT

Want to experience real silence first? Give the Silence CALL a try. Ask about the conditions for a trial placement.

### LEASE IT

We understand your need for flexibility. For a fixed fee per month, we bring silence to your office, take care of maintenance and collect the Silence CALL whenever you want.

### BUY IT

Did the Silence CALL convince you? Configure it as you see fit and enjoy the silence it brings.

### USE IT

Does flexibility sound great, but you'd rather not be tied by a contract? Then pay for your usage only. Upon your request, we install, maintain and collect the Silence CALL.
