HANDBOOK

# Kancelářský systém **Arkus A**

## Úvod

Arkus A je důmyslný, stabilní a flexibilní stolový systém, jehož základním konstrukčním prvkem je most. Autorem tohoto principu je holandský designér Hans Verboom. Stolový systém Arkus A je určený pro vybavování všech druhů kanceláří, call center, zasedacích či školicích místností apod.

Systém se skládá z kovového podnoží, které je tvořeno z celokovové konstrukce zhotovené z uzavřených ocelových profilů a dílců vylisovaných z ocelového plechu, navzájem spojených pomocí konstrukčních spojů a systému uchycení dílců Arkus.

Výška stolových sestav je pomocí rektifikačních patek nastavitelná v rozmezí od 735 do 750 mm. Podnoží je povrchově upraveno vysoce kvalitní práškovou barvou.

### Barevné provedení podnoží:

RAL9004 (černá)  
RAL9007 (šedostříbrná)  
RAL9010 (bílá)  
RAL9022 (stříbrná)

### Stolové desky

Stolové desky jsou vyrobeny z materiálu na bázi dřeva v provedení:

- LTD 18mm s ABS hranou 2mm
- HPL 17,6mm (MDF + HPL fólie) standardně s černou lakovanou hranou

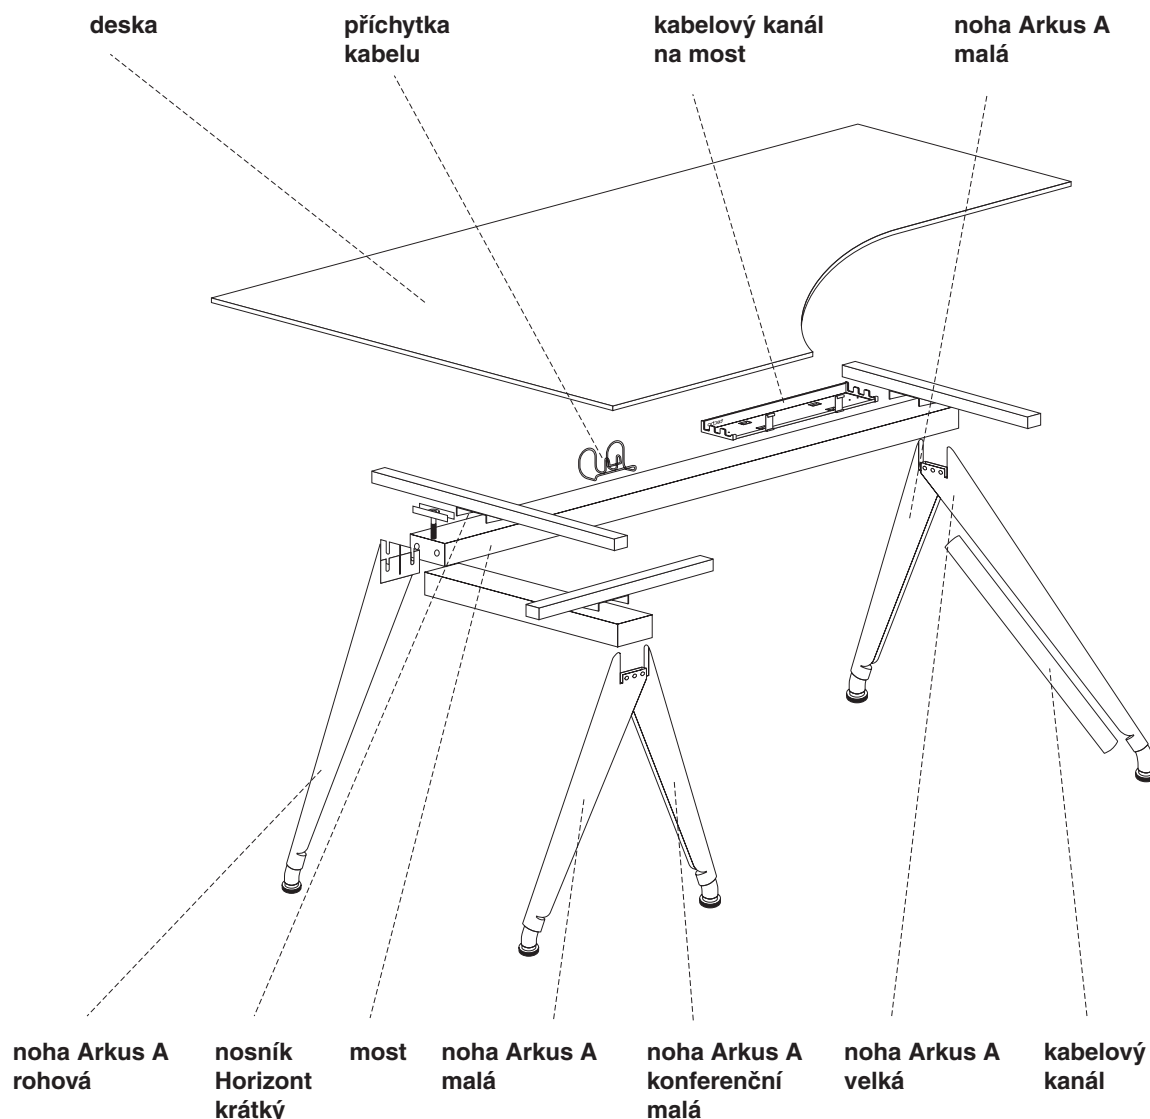

Pracovní deska HPL je vrstvená, složená z MDF desky a krycí HPL fólie. Je charakteristická sraženou hranou, která opticky podporuje štíhlý vzhled stolového systému Arkus.

### Odstíny stolových desek:

U1188 – šedá  
0381PR – buk  
R5413 – divoká hruška  
W400 – bílá

### Systém prokabelování

Stolový systém Arkus je vybaven důmyslným systémem prokabelování, který umožňuje jak vertikální, tak horizontální vedení kabelů.

Arkus is a sophisticated, sturdy and flexible beam system designed by Hans Verboom for contemporary offices, callcentres and training & conference rooms. Above all, Arkus is simple to understand, specify, install and reconfigure, with the entire system comprising very few components.

The system consists of profiled steel legs fixed to structural horizontal steel beams which also support worksurface brackets, joints and accessory fixings.

Arkus table configurations are height adjustable from 735 to 750 mm. Legs are fitted with levelling feet and height-adjustable frames are available as an option.

#### Frame finishes

RAL9004 – black  
RAL9007 – gunmetal  
RAL9010 – white  
RAL9022 – silver

#### Worksurfaces

Worksurfaces are available in two standard forms:

- 18mm MFC with ABS edge 2mm
- 17.6mm „HPL“ (high-pressure laminate on an MDF core), with painted black edge as standard

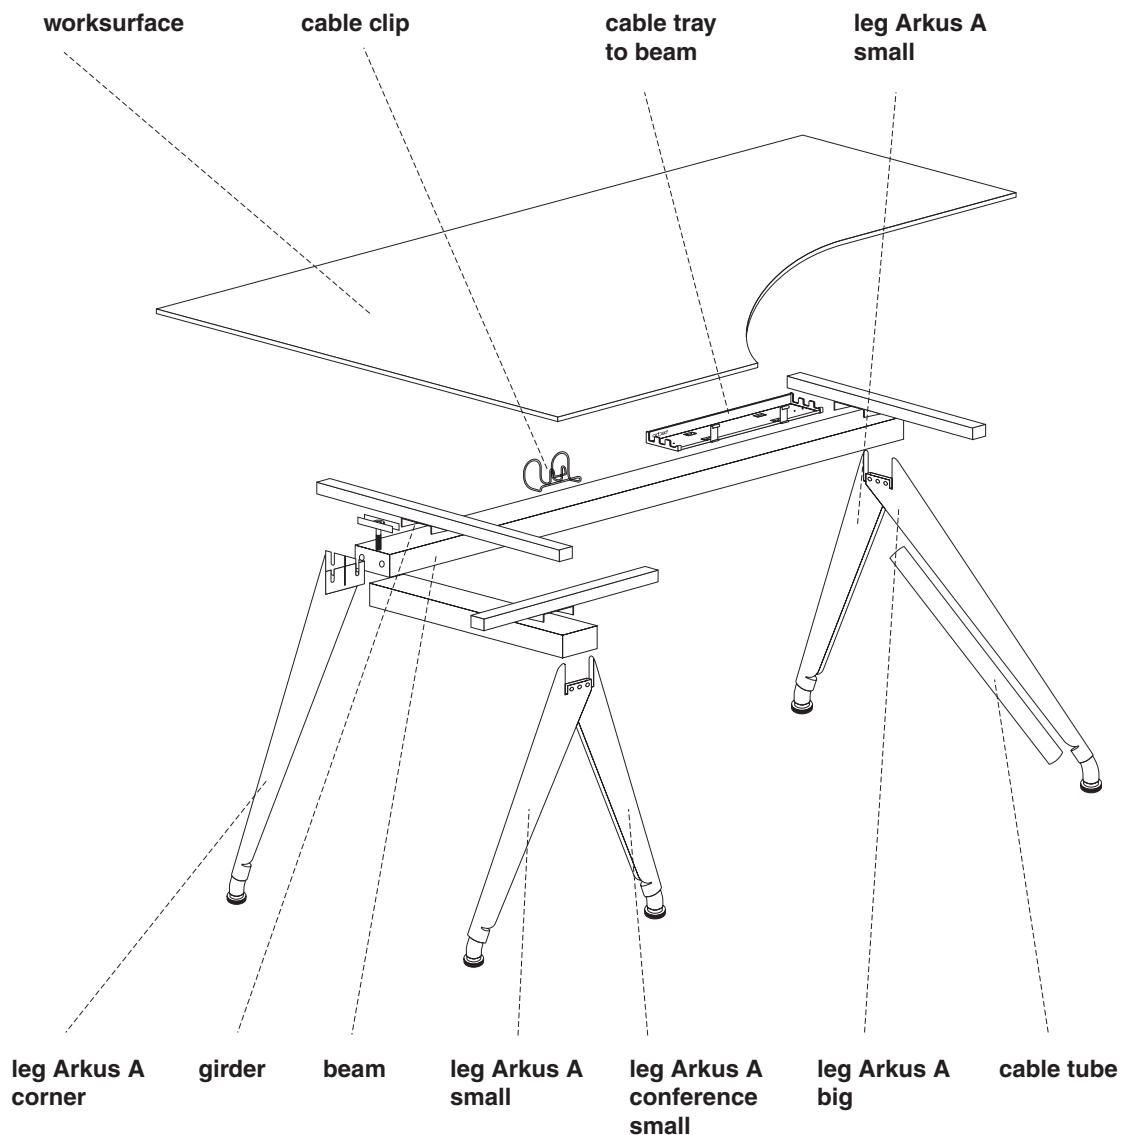

HPL worksurfaces feature a chamfered edge to retain the slim appearance befitting Arkus.

#### The worksurface finishes are:

U1188 – grey  
0381PR – beech  
R5413 – wild pear  
W400 – white

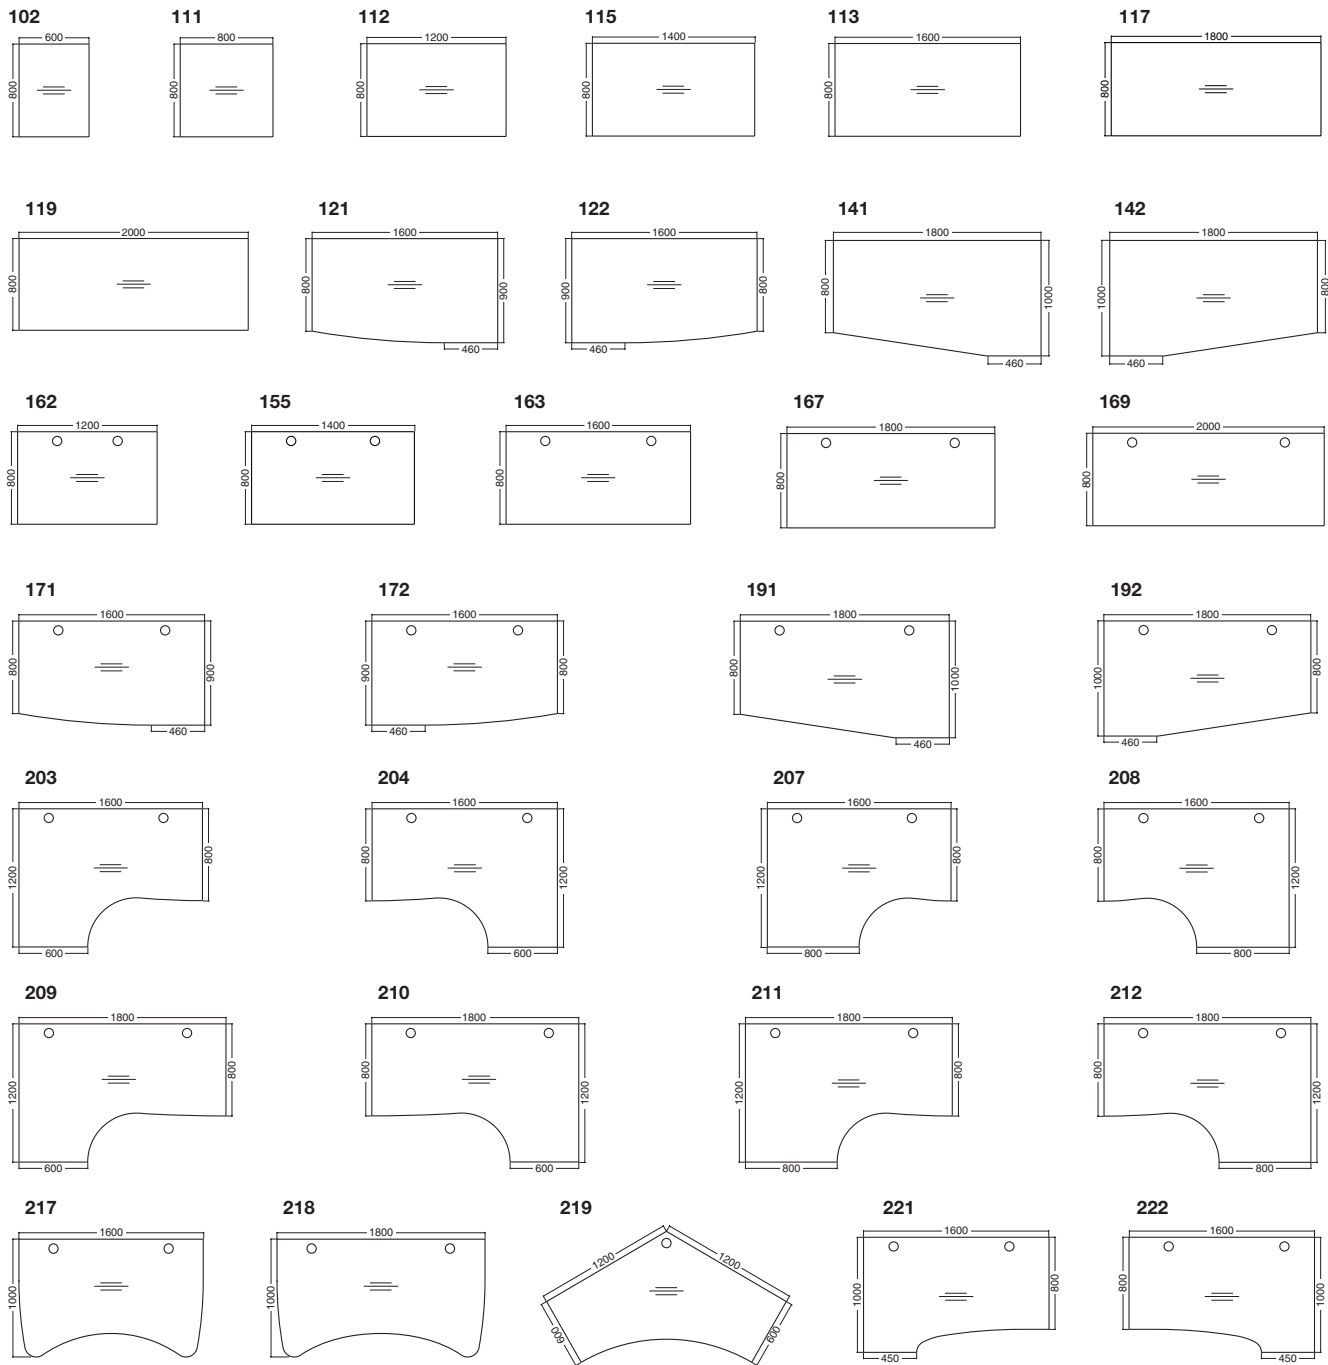

#### Cable management

In keeping with Arkus' simple design philosophy, cable-management components can be easily added to the frame, or retrospectively fitted after installation.
