HANDBOOK

Root

Úvod | Introduction

Root je řada vysokých stolů, konferenčních stolků a skříní vhodný do kancelářských prostor a do jednacích a zasedacích místností. Jeho výhodou je osobitý vzhled a použité konstrukční materiály.

Podnoží

Základní stavební komponenty jsou zhotovené z masivního jasanového dřeva. Jedná se o přírodní materiál a proto se kresba let a barevný odstín dřeviny mohou lišit.

Výška stolu:

1080 mm (deska stolu tl. 25 mm)

742 mm (deska stolu tl. 25 mm)

Stolové desky

Desky stolů jsou vyrobeny z laminované dřevotřískové desky o tloušťce 25 mm s 2mm ABS hranou.

Root is a range of high tables, coffee tables and cabinets suitable for offices and meeting rooms. Its advantage is its distinctive appearance and the construction materials used.

Base

The basic building components are made of solid ash wood. This is a natural material and therefore the wood pattern of the years and the colour shade of the wood may vary.

Table height:

1080 mm (tabletop thickness 25 mm)

742 mm (tabletop thickness 25 mm)

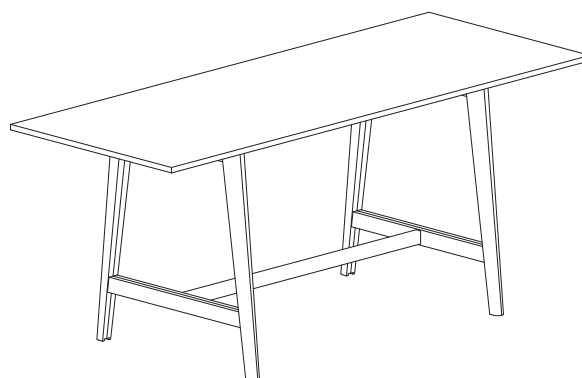

Table tops

The tabletops are made of laminated chipboard with a thickness of 25 mm and a 2mm ABS edge.
